Purpose Statement: This committee brings together family members, advocates, providers, state agencies, and other partners to maximize the combined impact of services and supports funded by Medicaid and managed by the Behavioral Health Partnership (BHP), and other grant funded services within the children's behavioral health service system. The CAQAP identifies and addresses key issues of concern to consumers and providers with a focus on enhancing quality and access to services. The committee reviews data that measure the effectiveness of the initiatives, policies, and services of the behavioral health system under the BHP and addresses the needs, strengths, and gaps in the behavioral health service system. The committee reports to the Council on findings and issues and makes recommendations within the purview of the Council's authority. The CAQAP, in collaboration with the Adult QAP Committee, also works through the Council to provide input to the State's plan for federal health care reform and other emerging mental health policy and program developments.

Next Meeting: Wednesday, May 21, 2025, 2:00 – 4:00 PM via ZOOM
