The Committee will work with the Departments of Social Services, Children and Families, and Mental Health and Addiction Services, and the administrative services organizations that administer medical, behavioral health, dental and non-emergency transportation, to identify and monitor key issues that may impact whether individuals and families in the HUSKY Health program and Charter Oak Health Plan receive person-centered coordinated services. The Committee and its partners, along with parent and community input, will seek to ensure that participants in the HUSKY Health program and the Charter Oak Health Plan receive behavioral health care that is coordinated with their medical (primary and specialty care), dental, pharmacy, and transportation services.
