Topic	Discussion / Decisions	Follow Up/Action
I. Update VO initiative with 5 Hospitals (ED diversion and Input)	<p>Peer ICM- LIP</p> <p>ED Frequent visitor program- Yale, HH, St. Francis, Bristol, Backus</p> <p>Deploy CM and ICM partner to go to ED</p> <p>Has had 7 visit in last 6 months</p> <p>Engage in program to help find linkages in community</p> <p>Ann 8-9 weeks- adults only 121 members enrolled across all 5 hospitals, rate low of opting out.</p> <p>Logisticare -ASO transport needs</p> <p>Homeless- Peer following in community, working with partnership for stronger communities</p> <p>Utilizing SF12- repeatSF12 every 30 days.</p> <p>CCT meeting being established across all 5 hospitals</p>	
II. Update: LMSW Policy Transmittal	Bill Halsey sent our memo	
III. VO Audit of High Volume IOPs - Purpose	<p>Terri Inquired about purpose of audit. - VO requires each year a retrospective level of care review- This year it is IOP. It is a chart review. Purpose is to look at claims, auths, review quality of care and get an understanding of what is going on.</p> <p>Look for opportunities for improvement, Improve outcomes.</p>	

IV. Update: Smoking Cessation	Transmittal was to go live today.	
V. DRG Implementation	Change in payment method Jan. 1st live some rates may increase while others decrease Nov. 18th 9-11 am address topics - medical to BH transfers.	•
VI. DSM V	Change in screen shots. Will try to get them out prior to go live date. Provider trainings Functional assessments SF12, SF 36 WHODAS, GAF	
VII. Outpatient Rates.	Bill Halsey discussed methadone maintenance. DSS goes beyond methadone - may need to go under rehab. Benefits of moving out of clinics and into rehabs.	
VIII. Next Meeting
