

# Presentation to the Behavioral Health Oversight Committee:

## Update on Enhanced Care Clinics

August 8, 2012

# Enhanced Care Clinic Overview

---

- Enhanced Care Clinics (ECCs) provide routine outpatient services to CT BHP members
- Initiative began in 2006 with RFA.
- From 2006 to present there are 34 ECCs with approximately 71 secondary sites across CT
  - 15 Child only ECCs
  - 5 Adult only ECCs
  - 14 Lifespan ECCs

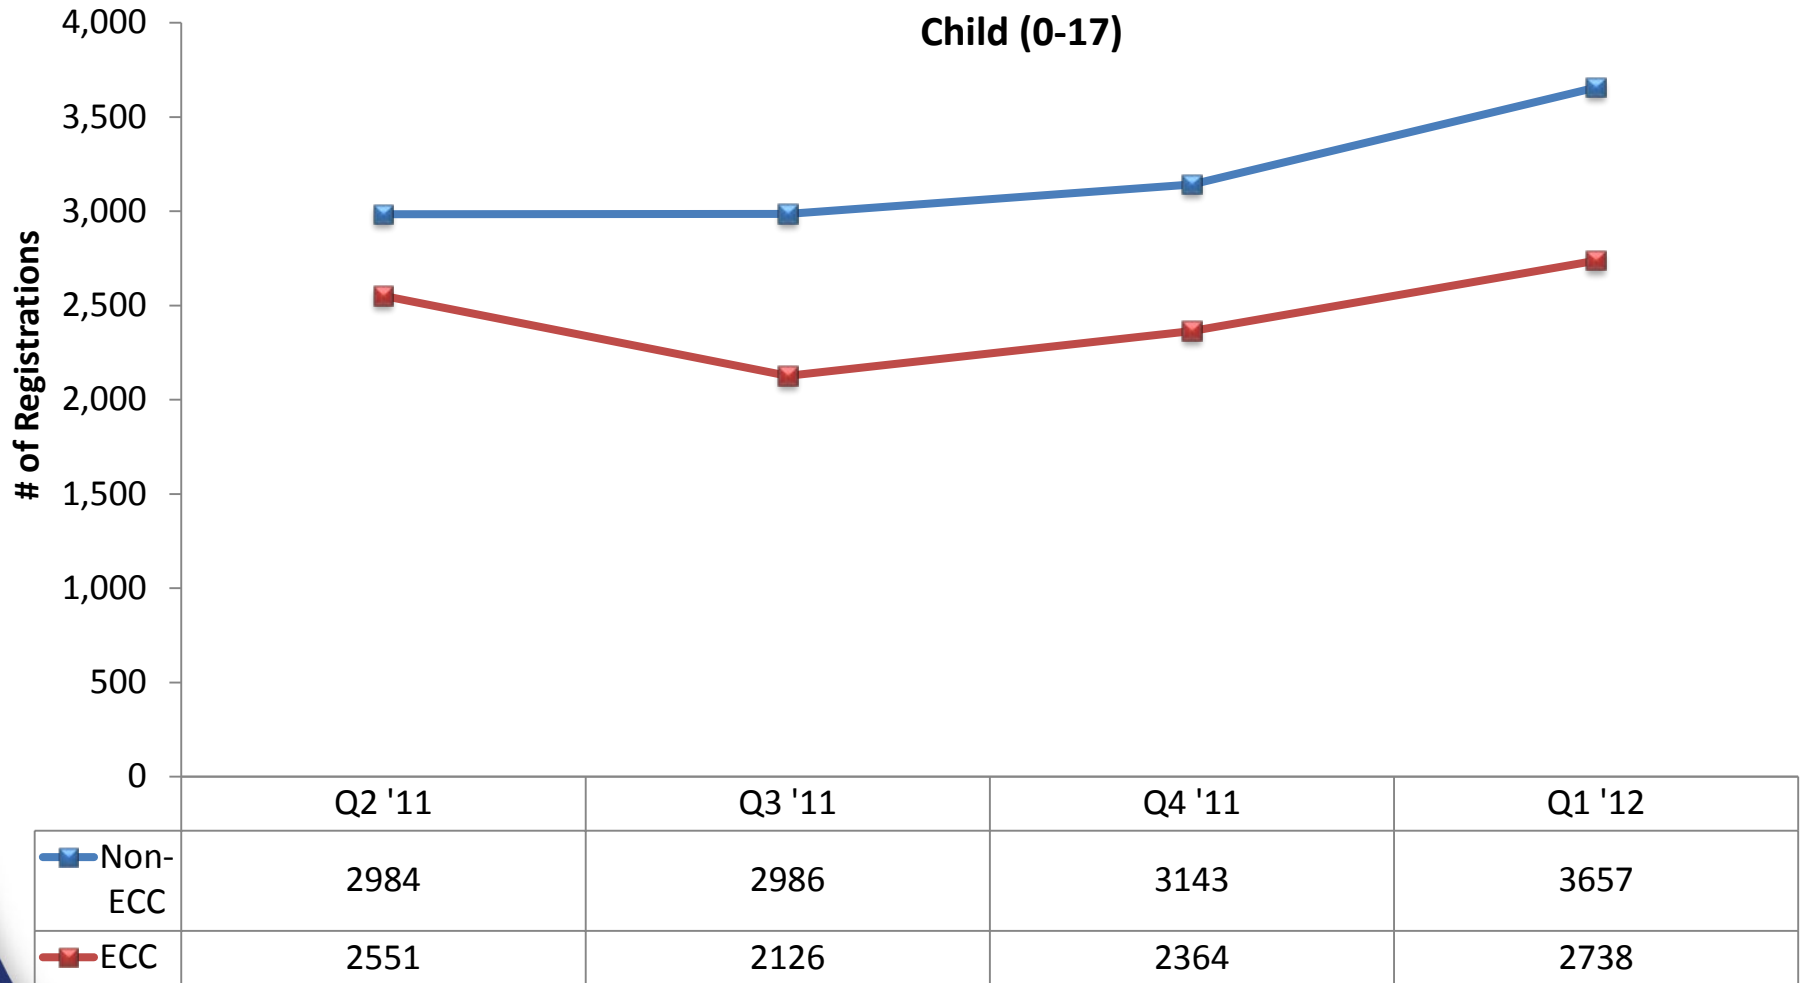

# ECC Requirements

ECCs receive higher fees in return for meeting the following requirements:

- Access: timely access, assess barriers to access, thorough screening and triage
- Collaboration and Coordination with Primary Care
- Screening, assessment & treatment of co-occurring mental health and substance use disorders
- Future requirements: Welcoming and Engagement; Evidence-Based Practice; Cultural Competence

# ECC New Registration Volume

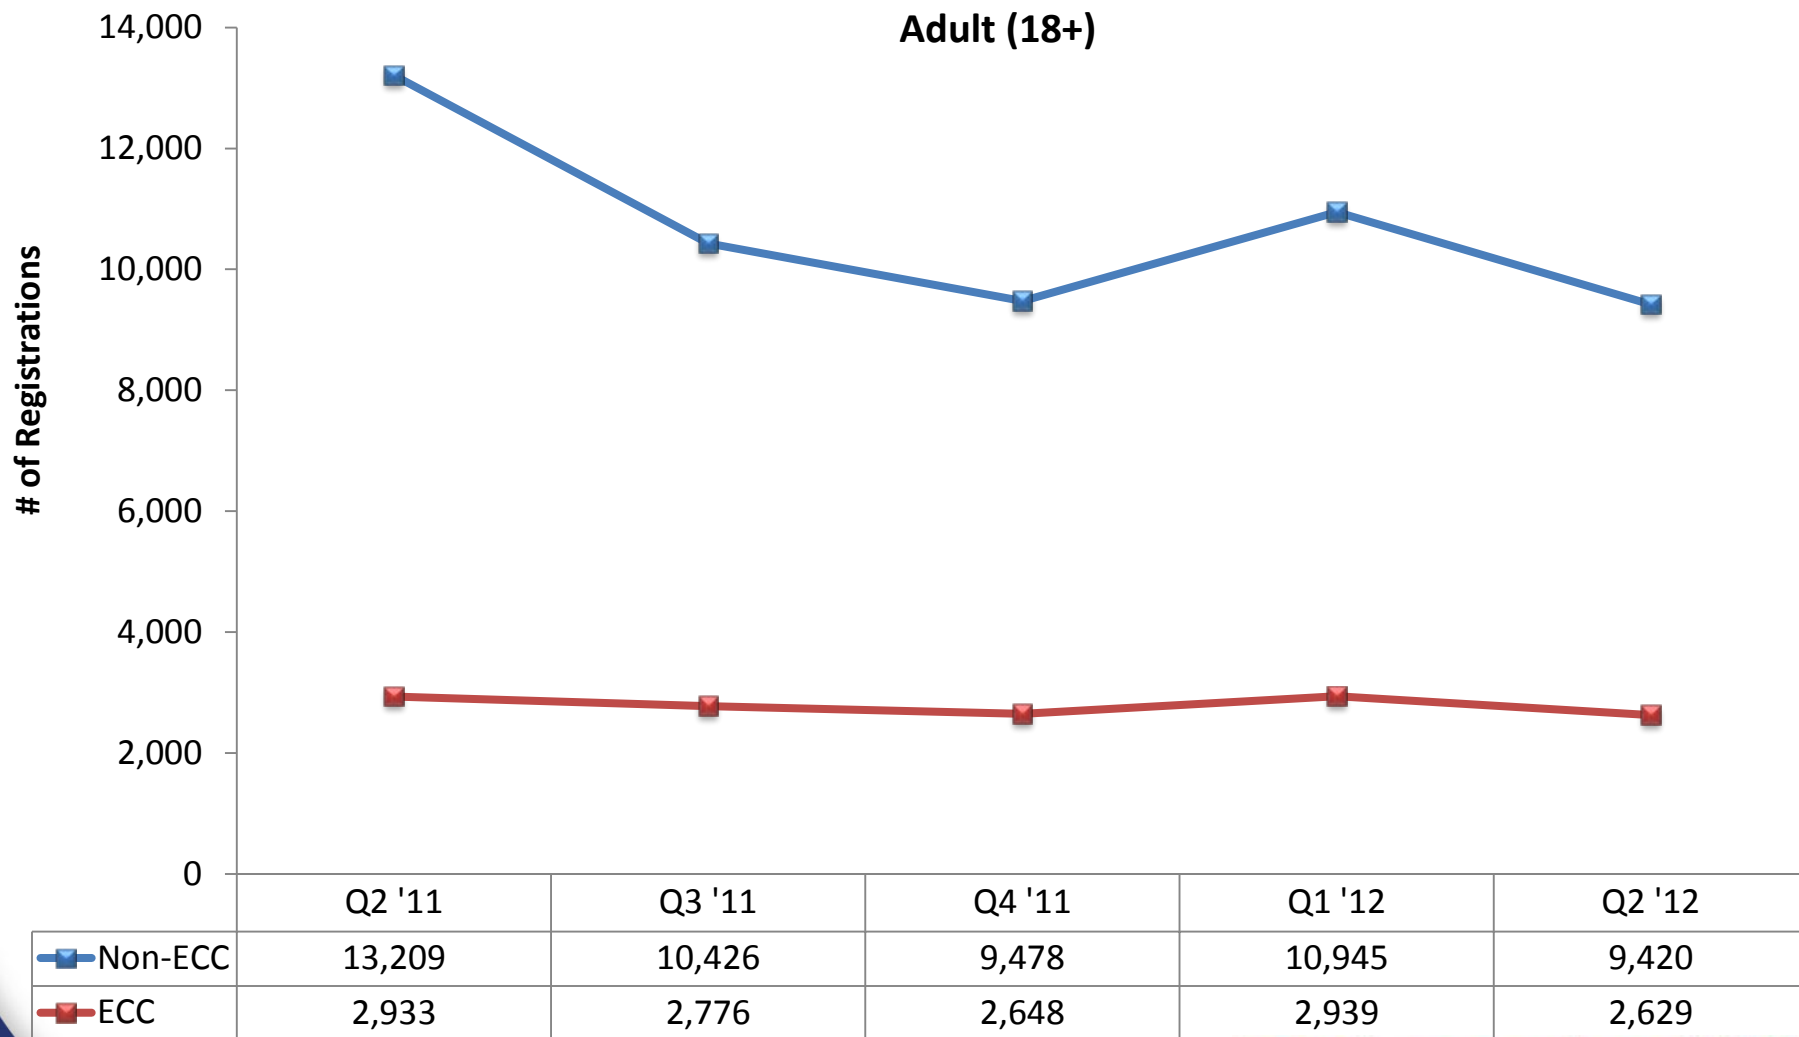

## Total Outpatient Registration Volume ECC vs Non-ECC Child (0-17)

# Total Outpatient Registration Volume

## ECC vs. Non-ECC

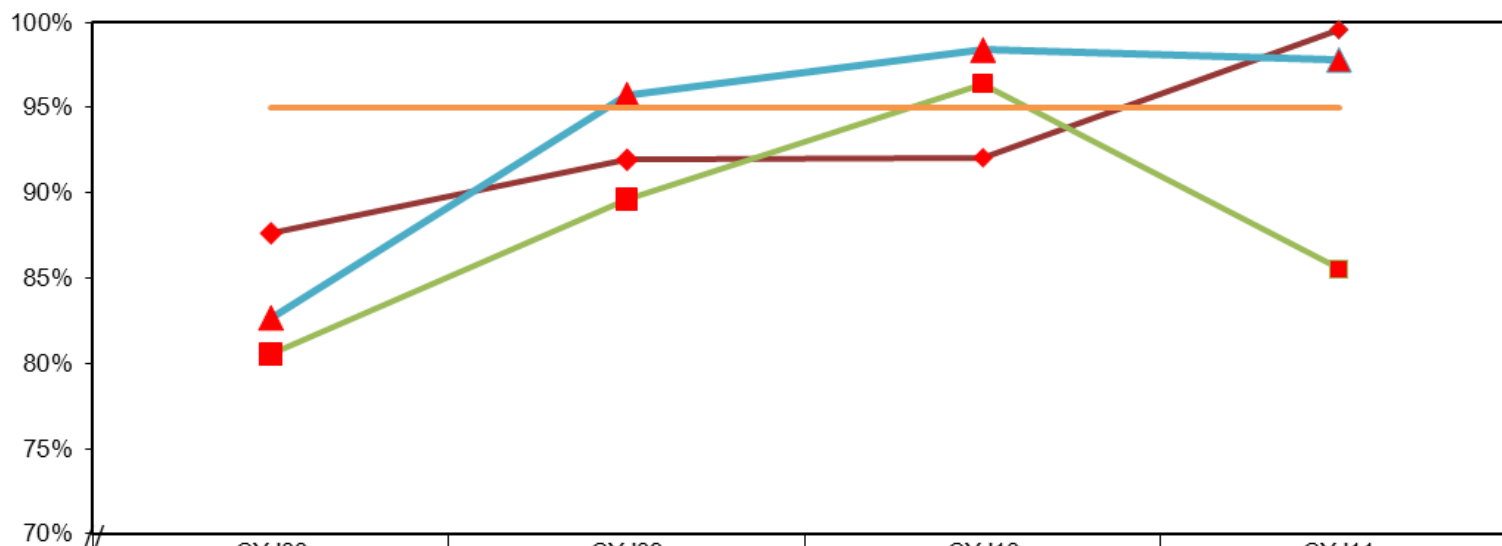

### Adult (18+)

# Access

## ECC Access Measures

CY '08 - Q1 '11: HUSKY A, HUSKY B, Charter Oak Q2 '11 - To Date: All Memberships

# Update: ECC Compliance Surveys

- Oversight surveys of all ECCs expected to begin in September 2012
- BHP Operations sub-committee has reviewed the ECC Assessment Scoring Tool
- Review teams will contact individual ECCs to schedule dates and times.
- Policy Transmittal regarding details about the survey process will be issued by DSS shortly
