PCMH CY2025 Program Recruitment

Recruitment Process

CHNCT reviews all Non-PCMH primary care practices for eligibility into the DSS PCMH program and outreaches them annually.

The primary reasons for non-participation in the PCMH program include:

- Practice doesn't use an EHR or doesn't have the reporting capabilities within their EHR
- Small HUSKY Health membership attribution
 - Most of these practices have less than 100 members
 - There are 50 practices (17%) that have an attribution of more than 500 members
- Perceived limited ROI due to the resources required to meet NCQA's or TJC's PCMH recognition status

Current 2025 Non-PCMH Practice Pool = 198

This data reflects current information through February 2025

Recruitment as of July 31, 2025

- **5 Practice Sites**
 - 2 New Practice Sites
 - 3 New Sites from Current PCMH Practices
- **8 Providers**
 - 8 From New Practice Sites
 - 0 From New Sites from Current PCMH Practice
