Our tax dollars well spent? \$94,000⁰⁰?
I am here at Whiting CVII Unit #1 on a
60 day restorable to Competency to Assist a
Public defender. For a Class C misdemeanor
"alleged" Harassment & Charge, the States case
is so weak the Milford DA offered a No
Plead. I have rejected this as there is zero
Objective evidence to support this claim - as
all e-mails and voice mails are complaints
to Ct Judicial employees for "OBSTRUCTION"
to My Civil Suits where I am a PRO SE Litigant
Exercising my 14th, 5th, 6th & 7th
amendment rights. Thus my first
amendment rights to Complain about Obstruction
by Court operations has been falsely
reported knowingly and willfully by
all parties including the State police and
the District Attorney. Exculpatory evidence buried
1) First "No legitimate probable cause exists for
my arrest and No Preponderance
2) of evidence exists for me to be deemed
incompetent to Assist a Public defender.

\$94,000⁰⁰ will be spent by
the State during my 60 Day
Confinement

Our tax dollars well spent?
MAX Security Confinement (Over Please)

The CVA Mission Statement & Vision speak of

Trauma-informed gender sensitive treatment... including collaborative, "compassionate" and culturally competent treatment in a safe caring environment to help clients/patients better manage their illnesses, achieve personal goals and develop the skills and supports that lead to living the most constructive and satisfying lives possible, while transitioning to their community of choice.
Well written Goals

Very Good Right? and wouldn't it be comforting ~~well~~ to know your loved ones, friends and family are treated this way ~ For those of you believing in Rehabilitation to prevent recidivism ~ safe and secure that violent offenders with mental disorders were are treated properly ~ However

The reality does NOT fit ~ And there are many institutionalized entrenched reasons why...

In fact following my attendance at (3) Steering Committee meetings where I brought the issue of Retaliation for Complaints of Patient Abuse and neglect by staff ~ It was threatened with Probate Court Special Conservatorship to forcibly medicate me

Oh My God! Help Me Please and

Now I must compliment many of the staff
PTs, Nurses, Patient advocates, Kitchen
and custodial staff for their hard
work, and concern. I believe and have
been told many have felt caught in the
middle and fear retaliation themselves
and or no response.

Some on the other hand feel punitive
measures would be more appropriate for
patients reflected by the Overt
aggression and then Covert aggression
experienced by patients in ~~experiencing~~

Catalyzing Patients responding aggressively out and
Some patients have violent tendencies

I would like to Acknowledge and thank
~~these~~ staff members as I have by writing
Kudos as are posted on Unit #1 for their
Kindness & professionalism.

I am however constantly either threatened and
or Reminded that if I keep complaining
about the well established problems I
experience as reported by DOT to CMS
I will not get out and then Conserve
and medicated!
