
CLINICAL GENETICS
- Generations Project
- West Campus interface
- Clinical support for genetic consultation

LIVING WELL CURES YNHHS EMPLOYEE WELLNESS
- Employee genetic screening benefit

PEDIATRICS
- Inborn errors of metabolism
- Congenital heart disease
- Childhood disease of genetic Origin

PATHOLOGY
- Genetic autopsy

NEPHROLOGY
- PCKD
- Renal transplant
- Kidney disease unknown etiology

PHARMACOGENETICS
- Cardiovascular
- Nephrology
- Oncology

CARDIOVASCULAR
- Cardiovascular genetics
- Aortic disease
- Electrophysiology
- Cardiomyopathy
- Lipid disorders

MATERNAL/FETAL
- In utero assessment
- Unknown causes of life-threatening illness
- Genomic screening

SMILOW
- Tumor marker identification
- Full exome sequencing
- Genome sequencing
- Precision Medicine Tumor Board

GI DISEASES
- Liver disease
- Chronic pancreatitis
- Liver transplantation

NEUROLOGY/NEUROSURGERY
- Genomic markers for Tumor identification
- Identification of diseases with neurological manifestations

Yale SCHOOL OF MEDICINE

Yale NewHaven Health
