

Hearing Date 2/8/22 9am

I am writing in support of The Emergency Declaration and Limited Executive Orders. I am especially in favor of continuing Absentee Voting with Covid as an excuse for everyone during the Pandemic. I have an immune deficiency called CVID (Common Variable Immune Deficiency) which means I do not make Immunoglobulin so would be unable to fight off Covid even though I am fully vaccinated and boosted. Avoiding crowds is critical to my health! I have voted in every election since I turned 21 years old and very much want to continue to do so. And I do not believe anyone should be unable to exercise their right to vote because they fear Covid for themselves or exposing other people if they have themselves been recently exposed.

Thank you,
