**RE: Voting Individually on Executive Orders**

Dear Governor Lamont and members of the legislature:

Please do right by the people of Connecticut and vote on the extension of any and all executive orders individually rather than in a package for one vote. Package-deal approaches to votes truly do a disservice to the citizens of our fine state, who deserve to be represented by their legislators on each issue on a unique basis. We believe that transparency and accountability are paramount, and we hope you share this view as well.

Thank you,  
Jim and Siobhan Borger
