

Dear Public Health Committee,

As a life long resident of CT, mother and Registered Nurse, I oppose the continuation of the emergency declarations and executive orders. It has been almost 2 years since COVID-19 started and it is very clear that despite all the best intentions, we have not been able to eradicate this virus. Nothing we have done has worked and therefore it is time to get back to normal and let the legislators do the job that they were elected to do. This is a virus that will be here and that we need to learn to live with.

Thank you so much for your time and for opposing the continuation of the emergency declarations and executive orders.

Kimberly Ferris
Shelton, CT
