

I **SUPPORT** the continuation of the Emergency Declaration and Limited Executive Orders.

In particular, I am in favor of continuing the ability to cite "COVID-19" as an excuse for everyone to be able to vote by Absentee Ballot.

No voter should have to risk one's health or life by the requirement to cast a vote in person which, during this ongoing pandemic, also jeopardizes the health and lives of poll workers. We should all be able to exercise our constitutional right to vote without fear of contracting this disease or spreading it to other vulnerable people in our communities.

I will greatly appreciate your support of the continuation.

Thank you.
