

I support the continuation of the Emergency Declaration and Limited Executive Orders. As the pandemic persists, I support the continuation of Covid as an excuse for whomever chooses to vote absentee to protect their own health as well as other community members' health. We do not need to be one size fits all. If a person feels safe casting their vote at a polling place, then they should do so. At the same time if a person wants to protect their own and others' health, they should be allowed to use Covid as an excuse to vote absentee. Please don't make CT voters choose between their health and voting. This is not a zero-sum situation.

Mary Doherty
