

2/7/22

Dear Public Health Committee,

I am writing to oppose the extension of emergency powers, and the 11 executive orders by Governor Lamont. Residents in the state of Connecticut are well equipped with the knowledge to keep themselves and their families safe. We have been living with the Covid-19 virus for over 2 years now, and the power needs to return to the people – especially with making personal health decisions. I strongly oppose mask and vaccine mandates, and believe that each individual has the right for medical freedom.

Thank you for your time.

Sincerely,
Christina Altobelli
Monroe, CT
