

## **Connecticut State Legislature**

We have all endured difficult times and some of us continue to fear for our health. I like many seniors are continue to be in a group that is very concerned over the continuing pandemic. I am 79 years old.

There is no reason why "No Excuse Absentee Voting" cannot be continued. Everyone should feel safe when voting and this is one way the Connecticut State Legislature can do their part.

Respectfully submitted,

Richard Lurie

New Canaan, CT.
