

### LOG OF CONFISCATED PATIENT MEDICATION(S)

PATIENT NAME:	MPI #	LOCATION:
---------------	-------	-----------

Verify contents of confiscated patient medication(s) and list each medication in the log. If meds are to be retained for patient discharge (as indicated by physician's signature on this form), staple this confiscated form to bag containing meds and store in vault. Document disposition - via date, code, name and initial. All controlled drugs to be destroyed must be logged in the Controlled Drug Destruction Log.

Disposition Codes:     L =     To Destruction Log (all controlled drugs)  
                                      R =     Returned to patient (requires name and initial of person picking up meds)  
                                      D =     Destroyed (requires name and initial of person destroying meds)

DATE IN	INIT.	NAME OF MEDICATION(S)	STR	DOSG FORM	QTY	DATE & CODE		NAME OF PERSON DESTROYING MEDS	INIT.

Medication(s) to be retained by Pharmacy until patient's discharge, unless coded for destroying.
