

Group Setup Status by Unit

Total: The total number of groups associated with the unit
 No Name: Number of groups with no name. These are an indication of a unit not having "cleaned up" their data.
 Type OK: Number of groups to which the new typing system has been applied. (A number of these is a good sign that work has been done recently.)

Groups of type "Other" are excluded.

Leader OK: Number of groups that identify the leader. Some of these names, however, may be old leaders from BHIS data.

Sched OK: Number of groups with frequency, duration, starting time and days of the week entered. (A number of these is a good sign that work has been done recently.)

Descrip OK: Number of groups for which the narrative description has been created.

Unit	Total	No Name	Type OK	Leader OK	Sched OK	Descrip OK
