Dear Committee Leadership,

Because individual members may only propose bills of a financial nature this year, I would ask that the Transportation Committee raise a bill that would amend section 13b-79p of the general statutes to require the Commissioner of Transportation to increase the number and frequency of trains running on the Waterbury branch line of the Metro-North Commuter Railroad, and to add stops in Seymour, Shelton and Derby.

Thank you for your consideration of this request.

Sincerely,

Kevin D. Kelly
