

To whom it may concern:  
Re:tolls – YES *We need tolls*  
*January 29, 2020*

We need tolls to fund essential repairs to our train infrastructure. Lack of good trains is ruining fairfield county which used to be a premiere 'bedroom community' of NYC. Without fast, safe, and reliable commuter lines we are doomed. And Hartford inaction on this issue is inexcusable. Who else to support the trains than those who instead use the highways.

Thank you.
